MICHAEL

Michael Aram is an award-winning artist who has dedicated his career to craft-based design. Inspired by a trip to India at age 25, he established a second home and studio there, where he continues to draw creative inspiration today.

Trained as a painter, sculptor, and art historian, Michael has neatly applied his diverse background to the decorative arts. Lyrical and often witty, his work encompasses a wide range of media and reveals a rich and variant source of inspiration—nature, mythology, narrative storytelling, and purified form. Michael's work is also a celebration of craft and age-old hand working traditions. It is the enduring fusion of these ideals—originality, narrative, and craftsmanship — that has become the hallmark of this gifted artist.

“There is a tremendous reflection of our own humanity in handmade objects. When you make things by hand, somehow that energy, that tension, that passion, all gets absorbed into the object. Objects are powerful. They trace history, trace our passage through time, they capture memories for generations.” - M.

MAKING

A deep love for the handmade process is at the core of everything Michael makes. Fascinated with the richness of the living crafts tradition, which he discovered on his first trip to Delhi, Michael would seek out craftsmen in the old city by listening for the sound of metal being beaten and by searching for the aroma of baked molasses, a signal of the sand casting process. The artisans he encountered were making ordinary objects such as buckets, shovels, and scissors, but for Michael, their traditional techniques were extraordinary. Michael spent hours observing artisans as they made things the same way families had made them for centuries. Touched by the talent and humility of these gifted artisans, Michael set up a studio in India where he has created his work for over 30 years. Today, over 200 artisans work alongside him in his workshop, where the same creative interaction between artist and artisan remains the source of every object that Michael makes.

MOTIF

Michael is highly inspired by his surroundings and often makes sculptures of objects that might otherwise be overlooked, in the everyday. Nature is his biggest muse, as is the handmade process. His work combines the imperfections innate in the handmade process with the perfectly imperfect beauty of nature to create objects that reflect humanity. Many of his pieces are ingrained with a rich storyline, inherent symbolism, and deep-rooted meaning. Sometimes his work is simply an exploration and celebration of the handmade process.

VINTAGE BLOOM

The Vintage Bloom Collection evokes a sentimental interpretation of nature as inspired by Michael's love of old botanical prints. The mixed metals and delicate enamel finishes capture a sense of nostalgia for the eclectic glamour of the 1940's.

"I found a forgotten piece of textile with fabulous watercolor flowers on linen that had faded ever-so-beautifully, over the years. The fabric and floral pattern reminded me of the dresses my grandmother often wore around the house. The designs in this collection bring back those feelings of nostalgia and effortless style." -M.

DAHLIA

The Dahlia Collection captures a sense of romance, intricacy, and opulence. In the Victorian era, Dahlias were given as a symbol of love and devotion. In certain pieces, Michael has chosen to contrast the radiant golden blooms against black granite and enameled stainless steel, evoking a mysterious sensuality. When found in nature, the petals' perfect symmetry and spiraling pattern embody the Golden Ratio.

"When you hold a Dahlia in your hand, it is like seeing the whole universe. Each interconnected petal, perfectly imperfect and in harmony with the next, comes together to create something magnificent." -M.

MUSHROOM

The Mushroom Collection is inspired by the whimsical magic of fairy tales. Humbly emerging from the earth, these fungi have been known for thousands of years to contain mystical powers. They have been used by shamans from cultures all over the world to procure enlightenment and celebrate the deep interconnectedness of life. Michael's iconic Butterfly Ginkgo is perched upon each piece, further tying in the notion of metamorphosis and transcendent experiences.

"Mushrooms sprout from nothing yet capture a sense of fantasy. Like in classic fairy tales with gnomes and fairies, I imagine mushrooms carpeting an enchanted forest floor in a way that is utterly phantasmagorical." -M.

These pieces promise to brighten and warm your home as the nights grow colder and the days grow shorter. Age-old handcraft techniques ensure that each piece is unique and captures the perfectly imperfect gestures inherent in objects made by hand. Each falling leaf, speckled pumpkin, and twisted stem becomes a metaphor for life itself and acts as a reminder of the passage of time and the ephemeral beauty of life.

"I get so much satisfaction knowing my pieces enhance family gatherings, particularly around important holidays when we are most likely to connect with loved ones. I hope my work brings joy to your home both in quiet times and at times of great celebration." -M.

BUTTERFLY GINKGO

The Butterfly Ginkgo Collection celebrates the representation of flora as fauna. Michael's fascination with a particular type of ginkgo tree, the Ginkgo Biloba, or "Butterfly Ginkgo", which grows with a double leaf reminiscent of a butterfly's wings, gave rise to a fantasia image of the plant. Executed at the highest level of handcraftsmanship, each piece is rendered in solid brass with hand etched cocoon-shaped vessels. The pieces in the collection are a tour de force of the handcrafted process, capturing the poetic spirit that is so deeply indicative of Michael's work.

"The first time I saw this tree, it literally looked like it had been completely overtaken by butterflies... as if they would all take flight the moment I walked too close or made a noise. The idea that the leaves could evoke the beauty of butterflies was magical to me, like trees that can metamorphose from flora to fauna in the blink of an eye." -M.

When I'm at my home in New Delhi, I wake each morning to the taste of fresh squeezed pomegranate juice. The color, the smell, the delicate flavor all make it feel like a magical elixir to me." -M.

CHRISTMAS

Whether seen individually or as a group, they evoke a sense of charm and fantasy with the undeniable signature of Michael's style. Drawing profoundly from Michael's background as a sculptor, each piece emerges from hand-sculpted clay and offers a child-like quality with an inherent depth of meaning.

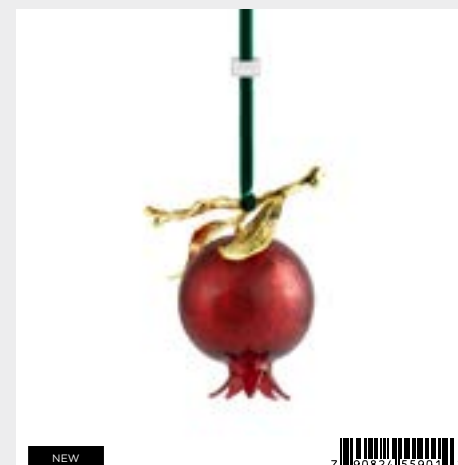

"Christmas ornaments hold a special meaning for me, along with millions of people across the world. Each one is like a little jewel, with its own story and its own connections. Every year, they make their highly anticipated appearance and it feels like they bring a particular magic with them. The whole process is like a profound family ritual that sweetly symbolizes everything the holidays are about." -M.
